

ABC Company allows some customers to make purchases on credit. Others may use either of two credit cards. The VS card deducts a 3% service charge for sales using its credit card and immediately credits the company's account for the net amount. When customers use the AM credit card, the company accumulates the receipts for several days and then sends them to AM Credit Card Company for payment. AM deducts 2% service charge and sends a cheque to the company for the net amount.

ABC Company completed the following transactions:
